ADDITIONAL	<ul style="list-style-type: none">Stain Resistant FinishAnti-Fungal and Anti-MicrobialBreathableWaterproofMulti-Directional (Panvelle Stretch Only)
RECOMMENDED CLEANING	<ul style="list-style-type: none">Upholstered furniture should be vacuumed/cleaned regularly to remove dust/surface grit particles and prevent build-up of soiling.Take care not to cause abrasive damage.Most stains can be removed by wiping clean.Microfibre cloths are extremely effective without soap, which is helpful as soap can clog your fabric.Remove spillages promptly (within 15 mins) with an absorbent dry cloth.For heavier soiling use a soft brush with care to avoid abrasive damage to surface and tepid soapy water (non-alkaline). Rinse clean with water ensuring product residues are removed as this inhibits the stain repelent. Dry with an absorbent cloth.Bodily fluids should be removed promptly with cold water and then cleaned as above.Water and oil based stains may be removed by using most waterbased household proprietary spray cleaning agents, following instructions carefully.* Extreme soiling may be cleaned with a 5% Sodium Chlorite (bleach) solution.Do not machine wash, fully immerse or dry clean.Do not apply other chemicals to the fabric.* Washable with a 5% bleach solution, Chlor Clean or Haz Tabs
CONTINUITY	Although every effort is made to ensure that fabrics ordered match the colours in this pattern card, slight variations may occur from batch to batch.

WATERPROOF UPHOLSTERY

Now you can select from the designs and colours overleaf and apply to the upholstery fabric of your choice.

Select your print base cloth from three exceptionally high performance upholstery fabrics.

Consider Panvelle™ and Panvelle Stretch™, super soft pile fabrics which established a benchmark in healthcare upholsteries or Highland Print™, our market leading, classic textured fabric.

New to this family is Panvelle Wash™. Just throw this in the washing machine at 40 degrees.

All are available within 5 days and at minimums of 4 metres.
