RECOMMENDED CLEANING

- Remove spillages promptly with an absorbent dry cloth. Vacuum and wipe clean regularly with a damp cloth to remove dust particles and prevent build-up of soiling.
- Remove fluids promptly (within 15 minutes), with cold water and clean as above.
- Do not machine wash, fully immerse, dry clean or apply other chemical/stain removers.
- Haz tabs can be used.
- For general soiling use mild non alkaline soapy water with a non-abrasive cloth. Ensure that all cleaning product residues are fully rinsed out. For heavier soiling/infection control use a 5% sodium hypochlorite (bleach) solution.
- Do not use felt tip ball point pen or ink to mark as these can leave permanent stains.

Samples of all ILIV fabrics can be ordered free of charge from www.i-liv.co.uk.

Whilst we endeavour to ensure that every batch matches our swatches, variations do occur. If you require an exact match to a previous order please make the Sales Team aware at the time of ordering and if possible please send a cutting for us to match to.

For full details of the wash and care instructions please refer to the ILIV website or price list.
