RECOMMENDED CLEANING

- Remove spillages promptly (within 15 minutes) with an absorbent dry cloth.
- Vacuum and wipe clean regularly with a damp cloth to remove dust particles and prevent build up of dirt.
- Do not machine wash, fully immerse, dry clean or apply other chemicals / stain removers.
- Haz tabs can be used.
- For general soiling use mild non-alkaline soapy water with a non-abrasive cloth.
- For heavier soiling/ infection control use a 5% sodium hypochlorite (bleach) solution.
- Ensure that all cleaning product residues are fully removed after cleaning with water.
- Do not apply other chemicals such as furniture polish, stain remover or solvents.
- Do not use felt tip ball point pen or ink to mark as these can leave permanent stains.
- Remove dye from denim garments immediately as they will permanently stain if not dealt with promptly.
