TRANSFORMING CARE ENVIRONMENTS

Our purpose is to **listen, understand and collaborate** with care home owners and their teams to transform care environments so that residents have a place where they **feel welcome, comfortable and at home.**

This makes a **positive difference** to their lives and those of their families and loved ones.

BRITISH CRAFTSMANSHIP

At the heart of our furniture is the work of **skilled upholsterers** who bring years of experience and a deep sense of pride to every piece they create.

With careful craftsmanship, each item is made to offer lasting comfort, support, and style – **perfectly suited for care home environments** where wellbeing comes first.

We understand that every care home is unique, which is why we **offer bespoke manufacture** to meet your specific needs.

All our core branded furniture is **made in Yorkshire**, blending traditional values with thoughtful design to create spaces that feel warm, welcoming, and **truly personal**.

Newport Cottage Care

"I would recommend Carechair because of their good value, well made products and because the team of staff who supported us through the whole process have been incredibly helpful and responsive."

NEWPORT COTTAGE CARE CENTRE

CREATING A WARM & WELCOMING ENVIRONMENT FOR NEWPORT COTTAGE CARE CENTRE

The Brief

When Newport Cottage Care approached us, their goal was clear; to replace outdated pieces of furniture that were past their best and not able to be maintained. Their vision was to create a homely, welcoming space with furniture that could comfortably accommodate all users regardless of their size, or individual needs.

The challenge was to combine comfort, durability and aesthetic appeal to create a space that felt like home for clients, staff and visitors alike.

Why Carechair?

After exploring multiple providers, Newport Cottage Care found Carechair to be the standout choice. They appreciated the value of our products offered, along with the comprehensive support we provided throughout.

From initial consultations through to the delivery, we were on hand to work closely with Newport to ensure a smooth and supportive experience.

The Approach

At Carechair, we pride ourselves on understanding and adapting to the needs of each client. For this project, we took a flexible and patient approach, listening carefully to evolving requirements.

The ability to try out different furniture styles with the end users was a crucial part of the process, helping the client make informed decisions about which pieces would best meet their goals.

The Outcome

The transformation was met with delight from clients, staff and visitors. The new furniture blended seamlessly into the updated spaces, which was completed by a team of helpful volunteers.

They worked together to redecorate the rooms, adding new carpets, blinds and curtains to complete the transformation creating a warm, welcoming environment.

Benefits of the project include:

- **Enhanced comfort** – The carefully chosen furniture provides superior comfort for all users, making everyday life more enjoyable
- **Flexible layouts** – The new furniture allows the space to be easily reconfigured, promoting greater interaction and social connection amongst users.
- **Hygiene compliance** – The high-quality materials ensure the furniture is easy to clean and meets IPC requirements, creating a safer and more hygienic environment.

Final Thoughts

At Carechair, we're proud to have played a role in transforming this space into a comfortable and welcoming environment.

It's projects like these that inspire us to continue delivering furniture solutions that bring people together and improve their everyday lives.

TALO CLASSIC RELAX CHAIR

The Talo Classic is a comfortable and well-designed relax chair.

The classic mechanism can be easily adjusted by pushing yourself off a little from the chair without using any levers.

The back rest, seat, and leg rest recline simultaneously into a position designed to provide the best ergonomic comfort and support for care home residents.

FEATURES:

- The removable seat cushion makes it easy to clean the bottom of the seat and the inside of the frame.
- The reclining mechanism first raises the legs, it is possible to further recline the backrest without a lever. Guaranteeing optimal comfort in every position.
- The inset housekeeping rollers are integrated into the rear legs for ease of cleaning around the chair.

FERO RELAX CHAIR

The Fero wooden reclining relax chair is an extremely comfortable and supportive chair principally designed for the care sector.

The reclining functionality and high quality upholstery offer long term sitting comfort. The removable seat cushion makes maintenance easier.

The refined design helps transform care environments and create a place where residents feel at home.

FEATURES:

- The curved armrests act as an aid for entering and exiting the chair.
- Wipe clean antimicrobial material to protect against germs, abrasion and staining, whilst aiding infection control.
- Side handles can easily lock the chair at any stage whilst in the recline position.
- The large castors on some models allow for easy transportation.
- The mechanism allows the backrest, seat, and leg rest to simultaneously tilt into a 'zero gravity*' position providing good blood circulation.
